The Honorable Mayor, City Commission City of San Juan San Juan, Texas, 78589

Dear Honorable Mayor Mario Garza, City Commission, and Citizens of San Juan

The Finance Department is pleased to submit the Comprehensive Annual Financial Report for the City of San Juan, Texas for the fiscal year ending September 30, 2024. This report is published to provide the City Commission, City staff, our citizens, our bondholders, and other interested parties with detailed information concerning the financial condition and activities of the City government. Management assumes responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures.

We believe the data presented is accurate in all materials respects and is organized in a manner designed to present fairly the financial position and results of operations of the City as measured by the financial activity of its various funds.

Garcia & Pena Certified Public Accountants, have issued an unmodified opinion on the City's financial statements for the year ended September 30, 2024. The independent auditor's report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it.

#### PROFILE OF THE GOVERNMENT

The City of San Juan, Texas was incorporated in December 29, 1917 under the laws of State of Texas and adopted the Commission-Mayor Form of government with the adoption of its Charter on April 05, 1975. City currently occupies a land area of 11 square miles and serves a population of 36,810. The City's Home Rule Chapter provides for a Board of Commissioners form of government, comprised of a Mayor and four Commissioners. The City Commission is responsible for enacting ordinances, resolutions, and regulation governing the City, appointing members of various statutory and advisory boards commission and City Manager, City Attorney, City Secretary, and Municipal Judge.

512 S. Nebraska Ave. • San Juan, Texas 78589-2649 Phone: (956)223-2200 • Fax: (956) 787-5978 The City Manager is responsible for the enforcement of laws and ordinances, and appoints of those Directors of the Department under his supervision and direction in accordance with the Charter.

The City provides the following municipal government services including police and fire protection, municipal courts, highways & streets, water and sewer services, planning and zoning, code enforcement, building inspections, parks & recreation, library, solid waste and general administration services. The City of San Juan is not financially accountable for any of the other area entities within its jurisdiction such as school districts or other non-profit or for-profit corporations.

Components units are legally separate organizations that a primary government must include as part of its financial entity. The City has included financial statement for the San Juan Economic Development Corporation (4B). The 4B Funds account for the local sales tax used to stimulate local economy, development, and redevelopment.

#### ACCOUNTING SYSTEM AND BUDGETARY CONTROL

The City's accounting records for general governmental operations are maintained on a modified accrual basis, with the revenues being recorded when available and measurable and expenditures being recorded when the services are goods are received and the liabilities are incurred. Accounting records for the City utilities and other proprietary activities are maintained on the accrual basis.

The City Ordinance establishes the fiscal year as October 1 through September 30. The City budget will be prepared in accordance with the State Law, City Charter. The annual budget serves as the foundation for the City's financial planning and control. All departments of the City are required to submit requests for appropriations to the City Manager during the annual budget process. The City Manager presents the proposed budget to the City Commission for review. The City of San Juan required to hold a public hearing on the proposed budget. The City Commission formally adopts a final budget no later than September 30<sup>th</sup>, the end of the City's fiscal year by the passage of a budget ordinance. The City Commission adopts an annual budget for the General Fund, Debt Service Fund, Special Revenue Funds, and Proprietary Funds. The appropriated budget is prepared by fund, department and function.

Budgetary control has been established at the department level. The City maintains internal budgetary control at the expenditure category (i.e. Personnel Services, Purchased Professional/Technical Services, Purchase Professional Services & Other, Supplies, Capital Outlay). Monthly financial reports for the City Commission are provided showing budget vs actual revenues and expenditures.

#### ECONOMIC CONDITION AND OUTLOOK

San Juan is located in the heart of the Rio Grande Valley in South Texas, which is the largest U.S./ Mexico border region in the country with 2.3 million people. The Rio Grande Valley is the third-largest metropolitan area in Texas and 23rd in the nation, making San Juan an ideal place to locate your business. San Juan boasts a consumer base of 436,000 within a 10-mile radius.

With the Basilica of Our Lady of San Juan del Valle, a world-renowned shrine, garnering more than 1.5 million visitors a year, and the Gelman Stained Glass Museum, which contains the most comprehensive collection of stained glass in the entire country, San Juan has gained an influx of visitors which in turn make it a hotspot for businesses of all kinds. A sense of togetherness is one of the many driving forces that add to the dedication our community puts forth every day to ensure we are always on the upward trend, without wavering. Our culture & community both present characteristics that define the drive to remain the Spirit of the Rio Grande Valley. San Juan boasts the camaraderie, proficiency, and professionalism to help us live up to our title of the Friendly City.

....

Economic prosperity leads to availability of quality education and healthcare, accessibility to retail shopping, luxury car dealerships, multiple restaurant venues and beautiful parks and neighborhoods. Unlike other areas the City of San Juan enters into economic development agreements to promote development and redevelopment within the city, generate additional sales tax revenues, enhance our property tax base and improve the quality of life for our citizens.

San Juan continues working hard to ensure proper infrastructure in place to work with local industries to determine the best package that can be offered for each project. This is done in a refined and expedited manner. On a case-by-case basis, the City of San Juan along with the San Juan EDC offers a variety of incentives, which could include tax abatements, multiple incentives and several grant opportunities.

In the past several years, the City of San Juan has seen an influx in population growth. In fiscal year 2024, the City of San Juan had an increase and stable property tax values totaling \$1,988,722,964 about 11% more from the previous 2023 year. The City San Juan has maintained a property taxes rate of 0.6765 per \$100 assessed valuation. The City of San Juan finished the construction to the new City Hall facility worth \$10.8 million, the \$7.5 Million Parks and Recreation structure along with an all-inclusive park, including walking trails, soccer fields, basketball court, etc. has 90% completion, and a \$4.7 Million Fire Station.

As the City of San Juan continues to grow with the partnership of the San Juan Economic Development Corporation. The San Juan EDC has been very instrumental in promoting, incentivizing and acquiring several retail chain stores. Sweet Mix, Dutch Bros, Panda Express, Michaels Burgers & More, Presidio Plaza, Whataburger, Amorcito Corazon Tacos Y Antojitos, along with numerous more.

The City's sales tax revenue has increased steadily over the last few years. Total sales tax revenue increased 7.51% in collections compared to fiscal year 2022-2023. San Juan has quickly become one of the top locations in the Rio Grande Valley where faith, community, and business all converge to bring a culture of prosperity to our humble city.

#### LONG-TERM FINANCIAL PLANNING

During the budget planning the City annually reviews the needs for capital improvements, infrastructure replacement and renovation, and the individual needs of each department. Capital improvements projects are funded with general governmental revenues or the issues of long-term debt. The City annually prepares short-term improvement plans for parks, streets, water, sewer, and solid waste.

Cash Management Policies and Practices. Cash temporarily idle during the year was invested in Texpool, TexStar and ICS Investment, during periods when their rates were higher than the depository banks' rates. All funds kept with the depository bank are collateralized at a minimum rate of 102% of the market value. The City continues to evaluate ways in which further earnings could be realized.

#### FINANCIAL INFORMATION

The City's management team is responsible for all accounting and finance matters relating to the City operations, in accordance with the state law, the City Charter and ordinances enacted by the City Commission and internal controls designed to ensure that the assets of the City are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statement in conformity with generally accepted accounting principles.

#### INDEPENDENT AUDIT

The Charter of the City requires that the City Commission appoint a certified public account who will be responsible to the City Commission, to perform an independent audit of all funds of the City on an annual basis. The independent auditor's report, prepared by Garcia & Pena, CPA is presented as the first component of the financial section of this report.

#### ACKNOWLEDGEMENTS

The preparation of the Annual Comprehensive Financial Report would not have been possible without the efficiency and dedication of the entire staff of the Finance Department. We would like to express our appreciation to all staff that assisted and contributed to the preparation of this report. I would like to thank the Mayor and City Commission for their continued support for maintaining the highest standards of professionalism in the management of the City of San Juan, Texas finances.

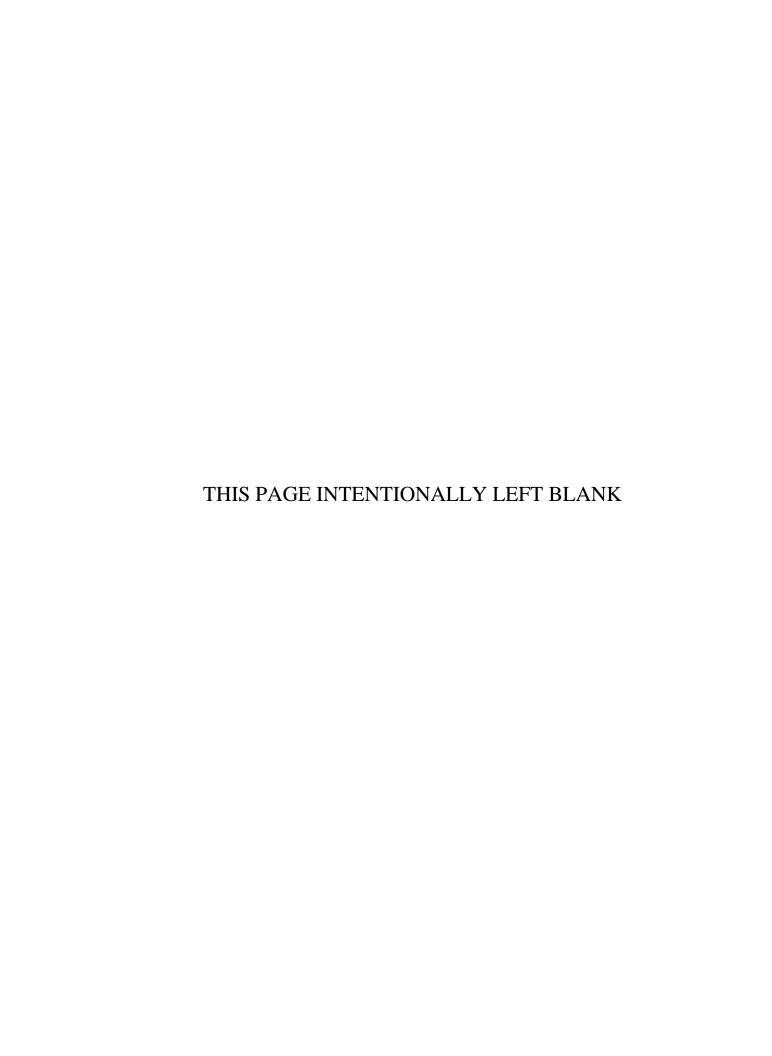

Respectfully submitted,

Tirso Garza

Interim City Manager

Leroy Gonzales
Director of Finance

#### PART II FINANCIAL SECTION

#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Commission City of San Juan, Texas

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the government activities, the business-type activities, and the aggregate blended presented components units, each major fund, and the aggregate remaining fund information of the City of San Juan, Texas as of and for the year ended September 30, 2024 with comparison to September 30, 2023, and the related notes to the financial statements which collectively comprise the City of San Juan, Texas' basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the City of San Juan, Texas as of September 30, 2024, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of San Juan, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of San Juan, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Honorable Mayor and Members of the City Commission Page 2

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions.

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The City of San Juan, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of San Juan, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages d-k and 13 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

Honorable Mayor and Members of the City Commission Page 3

We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of San Juan, Texas' basic financial statements. The accompanying combining and individual nonmajor fund financial statements and schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects in relation to the basic financial statements as a whole.

#### Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

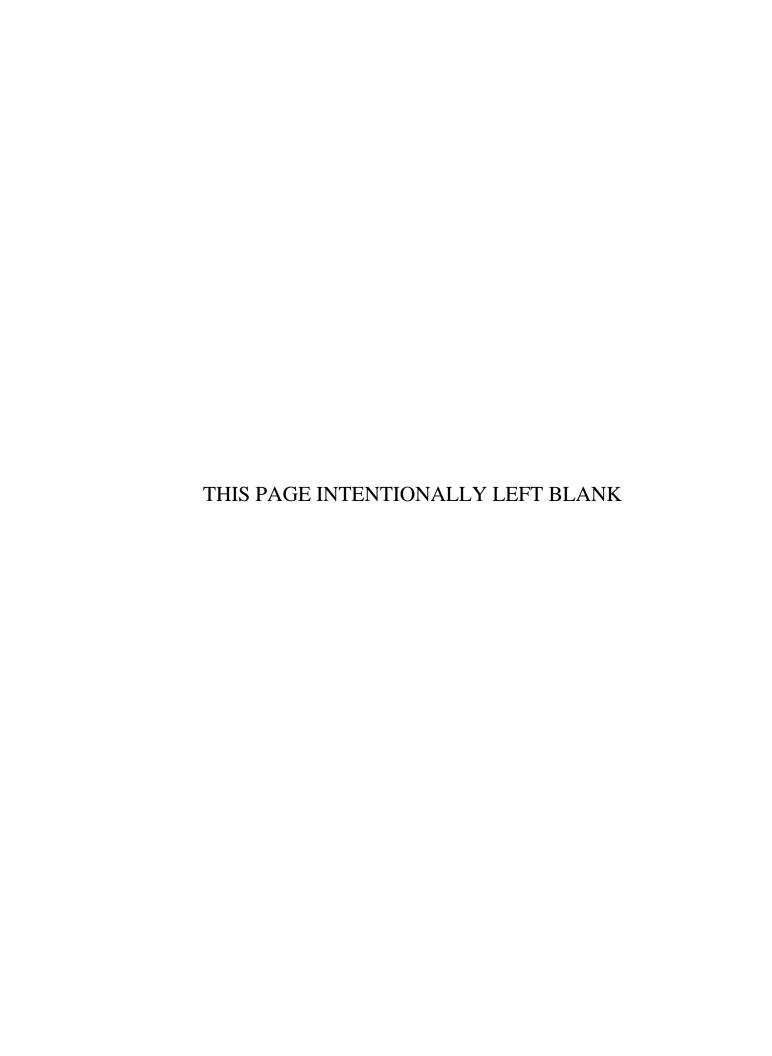

In accordance with Government Auditing Standards, we have also issued our report dated March 21, 2025, on our consideration of the City of San Juan, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of San Juan, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of San Juan, Texas' internal control over financial reporting and compliance.

(-Mari

Garcia & Pena, Certified Public Accountants

Weslaco, Texas 78599

March 21, 2025

This discussion and analysis is intended to provide an overview of the City of San Juan, Texas financial performance for the fiscal year ended September 30, 2024, and the related effect on the City of San Juan, Texas financial condition. Please read it in conjunction with the financial statements which begin on page 1.

#### **Financial Highlights**

- The City's Government-Wide Net Position increased to \$98,601,908, as a result of this year's operations. Governmental activities were at \$38,927,511, with the balance of \$59,674,397 resulting from the business-type activities.
- Statement of Activities Governmental and Business-Type Activities Total government-wide net position increased by \$6,842,935. An increase of \$2,312,504 from governmental activities and \$4,530,431 from the business-type activities.
- Governmental Activities-Revenue and Expenses Compared to Last Year- Total revenues in the aggregate increased by \$202,412 from the prior year, where property taxes increased by \$1,650,372, sales tax increased by \$210,875, and other revenues increased by \$933,575, while other taxes decreased by \$31,121, charges for services decreased by \$258,682, operating grants decreased by \$2,232,134, and capital grants decreased by \$70,473. Transfers out decreased \$1,845,137. Expenses increased by \$733,033, due to an increase of \$162,295 in public safety, increases of \$72,130 in public works, an increase of \$59,320 in culture and recreation, increases in economic development of \$234,371, and \$265,738 in interest expense, with a decrease of \$60,822 in general government.
- At September 30, 2024, the City's governmental funds reported revenues in excess of expenditures of \$5,420,966, thus increasing the fund balance from \$22,933,055 to \$28,354,021 in the previous year.
- At the end of the current fiscal year, the general fund's fund balance decreased by \$1,597,419 to \$5,595,439; compared to \$7,192,858 from the previous year.
- Business-Type Activities Revenues and Expenses Compared to Last Year Total operating revenues in the aggregate increased \$643,552 from last year. Operating revenues increased \$151,947, an increase of \$172,581 in interest income, with an increase of \$1,845,137 in transfers; while capital grants decreased \$1,526,113, and a decrease of \$160,570 in miscellaneous income. Operating expenses increased \$1,282,310: water, sewer, garbage and brush increasing \$265,090, with long-term debt interest decreasing \$38,074 over last year.
- <u>City as a Whole:</u> Statement of Activities Revenues and Expenses Governmental revenues were \$24,176,884, and business-type activity revenues were \$16,282,946, while expenses were \$21,864,380 for governmental activities and \$11,752,515 for business-type activities.
- The City's governmental activities debt increased by \$11,007,000 in bonds payable and \$173,643 in compensated absences; while leases decreased \$249,861, accrued interest decreased \$1,871, intangible lease decreased \$12,629, and pension liability decreased \$228,273. Total long-term debt for governmental funds was \$52,968,931 at September 30, 2024.
- The City's business-type activities debt decreased by \$1,446,538 in bond and notes payable, a decrease of \$175,655 in capital lease, and a decrease of \$6,204 in accrued interest, with an increase of \$40,384 in compensated absences, and a decrease of \$277,896 in pension liability. Total long-term debt for business-type funds was \$21,482,422 at September 30, 2024.

#### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements** – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The statement of net position presents information on all of the City's assets and liabilities, with the differences between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City include general government, public safety, highways and streets, health, economic development, and culture and recreation. The business-type activities of the City include the Utility System, which includes water, sewer, garbage, and brush services.

The government-wide financial statements include not only the City itself (known as the primary government), but also legally separate component unit for which the City is financially accountable: Economic Development Corporation.

**Fund financial statements** – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into four categories: governmental funds, proprietary funds, trust and agency, and blended presented component units.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower that that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements.

By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains two major and eighteen non-major governmental funds. Information for the major funds is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund. Data from the non-major governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major funds is provided in the form of combining statements elsewhere in this report.

The City adopts an annual appropriated budget for all of its general funds. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

**Proprietary funds** – The City maintains one type of proprietary fund, an enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its collection of garbage, the pick-up of brush and water/sewer services. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

Blended presented component units – Blended presented component units are legally separate from the City. The component units are intended to operate on a self-supporting basis through user charges or the collection of sales tax. The unit is blended presented because the City has a voting majority, imposition of will, financial benefit and financial accountability over the units. The unit also maintains a September 30 fiscal year-end. There is one blended presented component unit, the San Juan Economic Development Corporation. A separate financial statement is issued and can be obtained by contacting the Office of the City Secretary, 512 S. Nebraska, San Juan, Texas 78589.

*Notes to financial statements* – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

*Other information* – In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the City's revenues and expenditures budget to actual comparison.

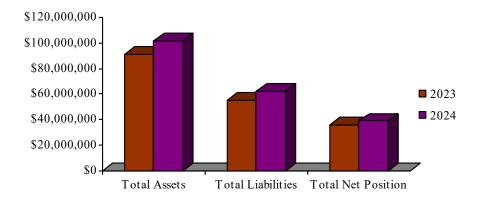

#### **Government-wide Financial Analysis**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position.

In the case of the City, assets exceeded liabilities by \$38,927,511 and \$36,615,007, for 2024 and 2023, respectively, for governmental activities.

By far the largest portion of the City's net position (60 percent) reflects its investment in capital assets (e.g., land building, machinery, and equipment); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

City of San Juan's Sources Net Position Governmental Activities

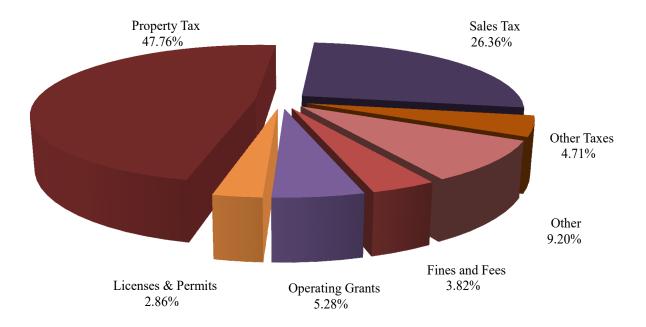

The City's condensed Statement of Net Position along with the last fiscal year's numbers are presented for comparison in the table below.

City of San Juan's Statement of Net Position

#### **CITY OF SAN JUAN, TEXAS**

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

#### FOR THE FISCAL YEAR ENDED SEPTEMBER 30, 2024 AND 2023

	 2024	 2023
Net change in fund balances-total governmental funds	\$ 5,420,966	\$ 5,255,411
Amounts reports for governmental activities in the state of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets are allocated over the estimated useful lives and reports as depreciation expense. The capital outlay (\$9,898,536) recorded in the current period exceeded current year depreciation (\$2,521,473).	7,377,063	8,330,447
Governmental funds do not report the retirement of fixed assets. In the Government-Wide Statement of Revenues, Expenditures, and Changes in Fund Balance this is the amount of retired assets in the current period.	(92,053)	61,529
The issuance of long-term debt (e.g., notes) provides current financial resource to governmental funds, while the repayment of the principal of long-term debt consumes current financial resources of governmental funds. Neither transactions, however, has any effect on net position. This amount is the net effect on these differences.	(10,757,138)	(7,923,630)
Note Proceeds/Lease \$ (13,653,430) Principal Retirement 2,896,292		
Compensated absences in the statement of activities does not require the use of current financial resources, and therefore are not reported as expenditures in governmental funds.	(174,617)	(101,472)
Accrued interest expense on long-term debt is reported in government- wide statement of activities and changes in net position, but does not require the use of current financial resources; therefore accrued interest expense is not reported as expenditures in governmental funds.	(2,846)	(30,990)
Some property tax will not be collected for several months after the City's fiscal year-end, they are not considered "available" revenues in the governmental funds.	183,026	124,357
Pension expense for the current period not recorded in the governmental funds.	 358,103	 (1,027,390)
Changes in net position of governmental activities	\$ 2,312,504	\$ 4,688,262

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 1. General Statement

The City of San Juan, Texas (the "City") was incorporated on December 29, 1917, under Article XI, Section 5 of the Constitution of the State of Texas. The City operates under a City Commission-Manager form of government and provides the following services as authorized by its charter. The services include public safety (police and fire), public works, health, and social services, culture-recreation, public improvements, planning and zoning, and general administrative services. Other services include utilities (water and sewer services and solid waste collection).

On April 5, 1975, the voters officially adopted the Home Rule Act, which conferred the City the powers of Title 22, Revised Civil Statues of Texas, 1911, Chapter 13 Title 28, AN 1175 Revised Civil Statues of Texas, 1925, and Section 4, Chapter 147, Acts of the 33<sup>rd</sup> Legislative, General Laws Regular Session.

The accounting and reporting policies of the City San Juan, Texas as reflected in the accompanying financial statements conform to generally accepted accounting principles (GAAP) in the United States of America applicable to state and local government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following represents the more significant accounting and reporting policies and reported practices used by the City.

#### 2. Financial Reporting Entity

The accompanying financial statements present the reporting entity, which consists of the primary government. Financial reporting standards also require the City of San Juan, Texas to include, if any, legally-separate entities or organizations for which the primary government is financially accountable and other organizations for which the primary government is not accountable, but for which the nature and significance of their relationship with the primary government are such that exclusion could cause the City's basic financial statements to be misleading or incomplete.

Financial accountability exists if a primary government appoints a voting majority of an organization's governing Board and either is able to impose its will on that organization or there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. A primary government may also be financially accountable for governmental organizations with a separately elected governing Board, a governing Board appointed by another government, or a jointly appointed Board that is fiscally dependent on the primary government.

As required by accounting principles generally accepted in the United States of America, these financial statements present the City of San Juan, Texas, and its component units, entities for which the City is considered to be financial accountable. The component units discussed below are included in the City's reporting entity because of the significance of their operational or financial relationships with the City.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Blended component units – Blended component units, although legally separate entities, are in substance part of the government's operations and so data from these units are combined with data of the primary government. Blended presented component units include the following:

• The San Juan Economic Development Corporation (the "Corporation") was incorporated on May 31,1996, under the Development Corporation Act of 1979, of the State of Texas. The Corporation operates as a component unit of the City of San Juan, Texas. The Corporation's specific public purpose is to promote economic development and encourage employment for the public welfare on behalf of the City by developing, implementing, providing, and financing projects under the Act as defined in Section 4B of the Act. The Corporation's primary source of revenues is sales tax revenues generated by the City of San Juan, Texas. There were no significant adjustments needed to convert the fund statements of the Corporation to compliance with GASB 34 requirements.

A copy of the component units' financial statements can be obtained by contacting the Office of the City Secretary at City Hall, 512 S. Nebraska Street, San Juan, Texas 78589.

Government Accounting Standards Board has issued the following pronouncements, which are relevant to the City, and have been implemented in prior years:

GASB Statement No 60, Accounting and Financial Reporting For Service Concession Arrangements

GASB Statement No 61, *The Financial Reporting Entity: Omnibus* – An Amendment of GASB Statements No. 14 and No. 34

GASB Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989, FASB AICPA Pronouncements

GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position

GASB Statement No 65, Items Previously Reported as Assets and Liabilities

GASB Statement No. 68, Accounting and Financial Reporting for Pension Plans – An Amendment of GASB Statement No. 27

GASB Statement No. 69, Government Combinations and Disposals of Government Operations

GASB Statement No. 70, Accounting and Financial Reporting for Non-Exchange Financial Guarantees

GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date

- An Amendment of GASB Statement No. 68

GASB Statement No. 87, Leases

GASB Statement No. 98, The Annual Comprehensive Financial Report

GASB Statement No. 96, Subscription-Based Information Technology Arrangements: This statement provides guidance on accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users. This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset-an intangible asset and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. The requirements of this Statement are effective for fiscal years beginning after June 15,2022. The implementation of GASB Statement No. 96 didn't have a material impact on the financial statements.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Future accounting standards possibly applicable to the City of San Juan, Texas that have been issued by the Governmental Accounting Standards Board are:

GASB Statement No. 99, Omnibus 2022

GASB Statement No. 100, Accounting Changes and Error Corrections

GASB Statement No. 101, Compensated Absences

#### 3. Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### 4. Government-Wide and Fund Financial Statements

Government-Wide Financial Statements -

The Government-Wide Financial Statements (the Statement of Net Position and the Statement of Activities) report information on all the activities of the City. Generally, the effect of inter-fund activity, within the governmental and business-type activities columns, has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *Business-type activities*, which rely on a significant extent on fees and charges for support.

The statement of activities reflects the extent to which direct expenses of each function are offset by program revenues. *Direct expenses* are those that are attributable to a specific function and are clearly identifiable. *Program revenues* include charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a specific function as well as grants and contributions that are restricted to meeting the operational or capital requirements of a specific function. Taxes and other items not appropriately included with program revenues are shown as general revenues.

In addition to and apart from the government-wide financial statements, fund financial statements are presented for governmental funds, proprietary funds, and fiduciary funds. In each of these financial statements, major funds are presented in separate columns.

#### Fund Financial Statements -

The City segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Separate statements are presented for governmental, proprietary, and fiduciary activities. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

#### Governmental Funds -

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The City has presented the following major governmental funds:

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

General Fund -

General Fund is the main operating fund of the City. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other funds are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the General Fund.

Debt Service Fund -

Debt Service Fund is used to account for the accumulation of financial resources for the payment of principal, interest and related costs on general long-term debt paid primarily from taxes levied by the City. The fund balance of the Debt Service Fund is reserved to signify the amounts that are restricted exclusively for debt service expenditures.

Non-major Governmental Funds:

Capital Project Funds -

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds).

Special Revenue Funds -

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to finance specific activities.

#### Proprietary Funds -

Proprietary Funds are accounted for using the economic resources measurements focus and the accrual basis of accounting. The accounting objectives are determination of net income, financial position, and cash flow. All assets and liabilities are included on the Statement of Net Position. The City has presented the following major proprietary funds:

Utility Fund -

Utility Fund is used to account for the provision of water and sewer service to the residents of the City. Activities of the fund include administration, operations and maintenance of the water and sewer system and billing and collection activities. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary to ensure integrity of the funds.

Solid Waste Fund -

Solid Waste Fund is used to account for the provision of garbage and brush pick-up service to the residents of the City. Activities of the fund include administration, operations and maintenance of the garbage and brush pick-up and billing and collection activities. All costs are financed through charges to utility customers with rates reviewed regularly and adjusted if necessary to ensure integrity of the funds.

Utility Debt Service Fund -

The fund accounts for the accumulation of resources from the Utility Fund for the payment of long-term debt principal and interest for water and wastewater debt.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Operating expenses for the proprietary funds include the cost of personal and contractual services, supplies and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations.

#### 5. Measurement Focus/Basis of Accounting and Financial Statement Presentation

The government-wide statements and fund financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, consistent with the presentation of the proprietary fund and fiduciary fund financial statements, with the exception that custodial funds that use the *economic resources measurement focus*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, without regard to the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements are imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources* measurements focus and are accounted for using the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if they are collected within 30 days of the end of the current fiscal period, except for property taxes, which is 60 days required by GAAP. However, debt service expenditures, as well as those related to compensated absences and claims, and judgments are recognized only when payment is made.

Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual, i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

The City considers property taxes as available if they are collected within 60 days after year-end. A one-year availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred.

The revenues susceptible to accrual are property taxes, franchise fees, licenses, charges for service, interest income and intergovernmental revenues. Sales taxes collected and held by the state at year-end on behalf of the government are also recognized as revenue. All other governmental fund revenues are recognized when received.

Grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant. Accordingly, when such funds are received, they are recorded as deferred revenues until related and authorized expenditures have been made. If balances have not been expended by the end of the project period, grantors sometimes require the City to refund all or part of the unused amount.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Stewardship, Compliance and Accountability

#### 6. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds except for certain major and non-major special revenue funds, which adopt project-length budgets. Formal budgetary integration is employed as a management control device during the year for the general and special revenue funds, as well as for the water and sewer funds.

Unused appropriations for the annual budgeted funds lapse at the end of the year. The budget amounts shown in the financial statements are the final authorized amounts as revised during the year.

On or before the end of June of each year, all agencies of the City submit requests for appropriation to the city secretary so that a budget may be prepared. The budget is prepared by fund, function, and activity, and includes information on the past year, current year estimates and requested appropriations by fund function, and activity for the next fiscal year.

Before October 1, the proposed budget is presented to the City Commission for review. The City Commissioners hold a public hearing and may add to, subtract from, or change appropriations by fund, function and activity but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the City Secretary or the revenue estimates must be changed by an affirmative vote of a majority of the City Commissioners.

The City Manager is authorized to transfer budgeted amounts within a department within any fund; however, any revisions that alter the overall fund total of appropriated expenditures of any fund must be approved by the City Commission.

**Expenditures Over-Appropriations** 

For the fiscal year ended September 30, 2024, expenditures in the General Fund exceeded budgeted appropriations in three (3) expenditure categories.

General fund expenditures exceeded appropriations by the indicated amounts in the following categories, which are budgeted in conformity with accounting principles generally accepted in the United States of America.

	1	Expenditures (Over) Appropriations		
Culture & Recreation (Page 72) Capital Outlay (Page 72)	\$	(21,039) (1,263,563)		
Debt Service - Principal (Page 72)		(178,999)		

These expenditures over appropriations are the result of underestimating actual expenditures for the year. Revenue sufficient to provide for the excess was made available through the use of excess actual revenues over budgeted revenues.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### 7. Encumbrances

Encumbrance accounting, under which purchase orders for the future expenditure of monies are recorded in order to reserve the portion of the applicable budget appropriations, is not used by the City of San Juan, Texas, except for an appropriation for a capital expenditure, but shall be deemed abandoned if three years pass without disbursement from an encumbrance of the appropriation.

#### 8. Assets, Liabilities and Equity

#### a. Cash and Cash Equivalents

For purposes of the statement of cash flows, the proprietary fund type considers cash and cash equivalents to include all highly liquid investments with maturity of three months or less when purchased.

#### Investments

In accordance with provisions of GASB Statement No. 31, "Accounting and Financial Reporting for Certain Investments and External Investment Pools," investments are reported at fair value, which is determined by market value. Certificates of deposits are reported at carrying amount which reasonably estimates fair value.

#### b. Credit Risks

Custodial Credit Risk

Deposits and Certificates of Deposits

Custodial credit risk refers to the risk that in the event of a bank failure, the City's deposits may not be returned to it.

In accordance with the City's fiscal policy as approved by the Board, the City maintains demand and time deposits under the terms of the depository agreement. The local depository banks are members of the Federal Reserve System.

In no time during the fiscal year did the City's deposits go over the Federal Deposit Insurance Corporation (FDCI) insurance of \$250,000 and the pledged securities at the local depository bank.

#### Interest Rate Risk

The City's investment policy limits investment maturities to no more than two years from the date of purchase.

#### Concentration of Credit Risk

The City's policy limits the deposits in any one-bank institution to their extent of FDIC coverage, and where applicable with bank depository agreements, but it is silent in the concentration of balances in the various types of accounts.

#### Fair Values of Financial Instruments

The following methods of assumptions were used by the City in estimating its fair value disclosures for financial instruments:

• Cash, cash equivalents, short-term investments, and promises to give are due in less than one year. The carrying amounts reported in the statement of financial position approximate fair values because of the short maturities of those instruments.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

State statutes authorize the City to invest in the obligations of the United States of America, State of Texas, obligations of states, agencies, counties, cities, and any other political subdivisions of any state having a rating no less than A or its equivalent by a nationally recognized investment rating firm, certificates of deposit issued by state and national banks guaranteed or insured by the Federal Deposit Insurance Corporation (FDIC) and/or further collateralized by additional pledged securities above the FDIC limits, and fully collateralized direct repurchased agreements.

#### c. Property Tax

The State of Texas Constitution limits the City's ad valorem tax rate for all purposes to \$2.50 per one hundred dollars of assessed valuation. Ad valorem tax revenue during the year ended September 30, 2024, was levied using a rate of \$.6765 per one hundred dollars of assessed valuation based on 100 percent of estimated market value.

Legislation has been passed by the Texas Legislature which affects the methods of property appraisal in the City. This legislation, with certain exceptions, exempts intangible personal property, household goods, and family-owned automobiles (unless specifically authorized by resolution of the governing body) from taxation. In addition, this legislation creates a "Property Tax Code" and provides, among other things, for the establishment of county appraisal districts and for a state property board.

The appraisal of property within the city is the responsibility of the Hidalgo County Tax Appraisal District.

The Appraisal District is required under the Property Tax Code to appraise all property within the county on the basis of 100 percent of its market value. The value of real property within the Appraisal District must be reviewed every five years; however, the City may, at its own expense, require annual reviews of appraised values. The city may challenge appraised values established by the Appraisal District through various appeals and, if necessary, legal action.

Under this legislation, the City continues to set tax rates on city property. However, if the effective tax rate, excluding tax rates for bonds and other contractual obligations, adjusted for new improvements, exceeds the rate of the previous year by more than 8 percent, qualified voters of the city may petition for an election to determine whether to limit the tax rate to no more than 8 percent above the effective tax rate.

The city bills and collects its own property taxes through a contractual agreement with the County of Hidalgo. Collections of the city taxes and remittance of them are accounted for in the County of Hidalgo Tax Collection Agency Fund. City property tax revenues are recognized when levied to the extent that they result in current receivables. January 1 is the assessment date. March 31 is the end of the rendition period for the Appraisal District.

By September 30, the City adopts the tax rate. On October 1 taxes are levied and payable by January 31. Property taxes attach as an enforceable lien on property as of January 1. Uncollected taxes are placed in the hands of the attorney for legal action on February 1, following year of assessment.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property tax is levied each October 1 on the assessed (appraised) value listed as of the prior January 1 for all real and business personal property located in the City. Taxable assessed value represents the appraisal value less applicable exemptions authorized by the City Council. Appraised values are established by the Appraisal Board of Review at 100% for estimated fair market value.

Taxes are due on October 1, the levy date, and are delinquent after the following January 31. Tax liens are automatic on January 1 each year. The tax lien is part of a lawsuit for property that can be filed any time after taxes become delinquent (February 1). The City usually waits until after July 1 to file suits on real estate property. As of July 1, 15% collection costs may be added to all delinquent accounts. Current tax collections for the year ended September 30, 2024, were 95.06% of the current tax levy.

Property taxes at the fund level are recorded as receivables and deferred revenues at the time the taxes are assessed. Revenues are recognized as the related ad valorem taxes are collected. Additional amounts estimated to be collectible in time to be a resource for payment of obligations incurred during the fiscal year and therefore susceptible to accrual in accordance with Generally Accepted Accounting Principles have been recognized as revenue.

The City charter of the City of San Juan, Texas, does not provide for a debt limit, therefore, no computation can be made. However, at September 30, 2024, the City had a tax margin of \$1.8235 for every \$100 valuation based upon a maximum ad valorem tax of \$2.50 for every \$100 valuation imposed by Texas Constitutional law.

#### d. Prepaid Items and Inventories

Prepaid balances are for payments made by the City in the current year to provide services occurring in the subsequent fiscal year, and the prepaid items have been recorded as unspendable to signify that a portion of fund balance is not available for other subsequent expenditures.

#### e. Inventories

The inventories in the Governmental Funds and Proprietary Funds consist of supplies and are recorded at the lower of weighted average cost or market.

#### f. Inter-fund Receivables and Payables

Any residual balances outstanding between the governmental activities and business-type activities are reported in the governmental-wide financial statements as "Internal balances."

#### g. Transactions Between Funds

Legally authorized transfers are treated as inter-fund transfers and are included in the results of operations of both Governmental and Proprietary Funds. The City allocates to the Proprietary Funds an indirect cost percentage of information technology services, salaries, and related costs of personnel who perform administrative services for those funds but are paid through the General Fund along with other indirect costs deemed necessary for their operations. During the year ended September 30, 2024, the City allocated \$407,820 from the Utility Fund and \$211,430 from the Solid Waste Fund.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### h. Restricted Assets

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the statement of net assets, because their use is limited by applicable bond covenants or City Ordinance. Funds restricted include amounts set aside to subsidize potential deficiencies from the enterprise funds operations that could adversely affect debt service payments, amounts set aside from the proceeds of revenue bond issuances that are required for payment of construction, amounts set aside for debt service payments over the succeeding twelve months, amounts set aside for unexpected contingencies or to fund asset replacements, as well as amounts set aside from customer's deposits.

Restricted assets at September 30, 2023, were as follows:

	2024		2023	
Trust - PEG Fund	\$	65,371	\$	65,371
Cash in Bank - Escrow		8,008,417		10,160,806
Debt Service - Component Unit		60,336		56,230
<b>Total Restricted Assets</b>	\$	8,134,124	\$	10,282,407

In accordance with Texas Water Code, Chapter 16, Section 16.356, the City did not use any revenue received from fees collected from a water supply or sewer service constructed in whole or in part from funds from the economically distressed areas program account for purposes other than utility purposes.

#### i. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements and in the fund financial statements for proprietary funds. All capital assets are valued at historical cost or estimated historical cost if actual historical is not available.

Donated assets are valued at acquisition value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest has not been capitalized during the construction period on property, plant, and equipment.

Assets capitalized, not including infrastructure assets, have an original cost of \$5,000 or more and over one year of useful life. Infrastructure assets are capitalized and have an original cost of \$5,000 or more.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	20-50 years
Water and Wastewater System	30-50 years
Infrastructure	20-35 years
Machinery and Equipment	5 –10 years
Improvements	20 years

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### j. Compensated Absences

#### Vacation

Full-time employees shall be eligible to use vacation leave with pay after one (1) year of service with the City. 0-5 years: Eight (8) hours or one (1) day per month Maximum accumulation is ninety-six (96) hours. 5-10 years: Ten (10) hours or one (1) day per month Maximum accumulation is one hundred twenty (120) hours. 10 years or More: Twelve (12) hours per month. Maximum accumulation is one hundred forty-four (144) hours. Leave accumulated over maximum during the year will not be lost until the end of the calendar year.

#### Sick Leave

Full-time employees shall accrue 96 hours of sick leave per year, accrued at a rate of eight (8) hours per month and may accrue up to ninety-six (96) hours. Sick leave shall accumulate during the first full year of full-time employment but may not be granted use during the first six (6) month period only at the discretion of the department director.

If an employee resigns with at least 2 weeks notice and works the remaining 2 weeks, they will be paid for unpaid vacation and sick time that has accrued through the last day of work. If an employee leaves for any reason during the first year, no payment will be made for accrued sick leave.

At September 30, 2024, the liability for accrued vacation leave and accrued sick leave is approximately \$1,473,789. The amount applicable to the Proprietary Funds of \$240,299 has been recorded in the Proprietary Funds. The amount applicable to the General Fund Long-Term Debt has been recorded in the Long-Term Debt as \$1,233,490.

#### k. Nature and Purpose of Reservations and Designation of Fund Equity

The fund equity reserves for revenue bonds retirement and construction. Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants.

The "revenue bond construction" account is used to report those proceeds of revenue bond issuances that are restricted for use in construction. The "revenue bond current debt service" account is used to segregate resources accumulated for debt service payments over the next twelve months. The "revenue bond future debt service" account is used to report resources set aside to make potential future deficiencies in the revenue bond current debt service account. The fund equity designation for subsequent years' expenditures primarily represents capital outlays.

Fund balance, reported in governmental funds, which has some level of constraint placed on it, is classified as non-spendable, restricted, committed, or assigned. The amount remaining, which can be spent for any lawful purpose is classified as unassigned. Amounts classified as restricted have constraints placed on the use by law, regulations of other governments, creditors, grantors or be enabling legislation.

Those classified as committed are constrained by the City Commission through an ordinance for specific purposes but are neither restricted nor committed. Reversing a commitment would require City Commission approval through an ordinance. Non-spendable are amounts that cannot be spent because they are either (a) not in spendable form, or (b) legally or contractually required to be maintained intact.

#### NOTE A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### l. Net Position

Net position represents the difference between assets, deferred outflow of resources, and liabilities, deferred inflow of resources. Net position in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction, or improvements of those assets, and adding back unspent proceeds. Net positions are reported as restricted when there are limitations imposed on their use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

#### m. Implementation of New Accounting Principles

The City elected to utilize the infrastructure transition option in the implementation of GASB Statement No. 34 (GASB 34), "Basic Financial Statements-Management's Discussion and Analysis-for State and Local Governments" and in fiscal year 2010 capitalized its major infrastructure networks; street, drainage, and parks. It is using in the absence of actual cost information, weighted average age calculation for estimating the historical cost of these infrastructure networks.

#### n. Reclassification

Certain items in the prior year have been reclassified to conform to current year classifications. Such reclassifications had no effect on previously reported net income.

As a result of implementing the infrastructure transition provision of GASB 34, net assets at October 1, 2023, is reconciled as follows:

	G	Governmental Activities	
Net Assets, October 1, 2023			
as previously reported	\$	22,933,055	
Deferred Revenue - Tax		1,314,445	
Deferred Outflow - Pension		(104,219)	
Capital Fixed Assets		81,717,143	
Estimated Depreciation		(27,652,255)	
Long-Term Debt		(41,593,162)	
Long-Term Debt - Pension		-	
Prior Period Reclassification		-	
Net Assets, October 1, 2023	\$	36,615,007	

#### NOTE B. <u>BUDGET BASIS OF ACCOUNTING</u>

The City of San Juan, Texas prepares its annual budget on a basis (budget basis), which differs from generally accepted accounting principles (GAAP basis). The budget and all transactions are presented in accordance with the City's method (budget basis) in the Statements of Revenues, Expenditures and Changes in Fund Balances-Budget and Actual-General Fund to provide a meaningful comparison of actual results with the budget.

The major differences between budget and GAAP basis in the General Fund are that total property taxes collected are recognized as revenues (budget) as opposed to recognizing the current year levy as revenues (GAAP).

Adjustments necessary to convert the General Fund's excess of revenues and other sources over expenditure and other uses on the budget basis to a GAAP basis are provided below:

	General		
	Fund		
Excess of revenues and other uses over			
expenditures and other sources-budget basis	\$	(1,597,419)	
Accrued Interest		2,507	
Net of Capital Fixed Assets		1,811,990	
Net of Long-Term Debt		628,292	
Current Year Levy in Excess of Collection		183,026	
Excess of revenues and other sources over			
expenditures and other uses-GAAP Basic	\$	1,028,396	

#### NOTE C. CASH AND CASH INVESTMENTS

The City's funds are deposited and invested under the terms of a depository agreement, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the City's agent bank in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation ("FDIC) insurance.

Deposit and Credit Risks

Custodial Credit Risk

Custodial credit risk refers to the risk that in the event of a bank failure, the City's deposits may not be returned to them.

It is the City's policy, as well as a requirement in its depository agreement, for deposits plus accrued interest thereon to be 110% secured by collateral valued at fair value, less the amount of the Federal Deposit Insurance Corporation insurance. The City's deposits, including certificates of deposit, were fully insured, or collateralized as required by the state statues at September 30, 2024. At year-end, the City's carrying amount was \$5,432,968 and the respective bank balance totaled \$3,200,160. Deposits in financial institutions are carried at cost plus accrued interest. At September 30, 2024, checking as well as time and savings deposits are summarized as follows:

	Bank Balance		Value Value
Lone Star National Bank	\$ 3,200,160	\$	2,365,774
Total	\$ 3,200,160	\$	2,365,774

#### NOTE C. <u>CASH AND CASH INVESTMENTS (CONTINUED)</u>

At September 30, 2024, the insurance and collateral pledges are summarized as follows:

Financial Instuition	FDIC Coverage	Securities Pledged	Cash on Deposit	(Deficiency) In Depository Security
Lone Star National Bank	\$ 250,000	\$ 5,432,968	\$ 3,200,160	\$ 2,482,808
Total	\$ 250,000	\$ 5,432,968	\$ 3,200,160	\$ 2,482,808

At September 30, 2024, the City is covered under the City of San Juan, Texas' FDIC coverage and securities pledged.

As of September 30, 2024, the City of San Juan, Texas had the following investments:

	Fair		
Investment Type		Value	
Certificates of Deposit	\$	-	
TexPool Investments		8,345	
TexStar Investments		22,147,250	
Lone Star Investments		2,028,706	
Total	\$	24,184,301	
10141	Ψ	2 1,10 1,501	

#### NOTE D. PROPERTY TAX

A summary of all activity regarding delinquent taxes for the year ended September 30, 2024, is as follows:

	2024			
Delinquent Taxes Receivable, October 1, 2023	\$	1,391,603		
Tax Levy 2023		11,550,566		
Less: Collections and Tax Roll Adjustments		(11,353,589)		
Net Delinquent Taxes Receivable, September 30, 2024	\$	1,588,580		

The addition to the tax levy for the year ended September 30, 2024 consisted of the following:

Taxable Value of Real and Tangible Property and Improvements	\$ 1,561,214,504
Tax Rate per \$100 of Valuation	0.6765%
Subtotal	10,561,616
2023 Tax Ceilings (Tax Freeze) Adjusted Levy	 988,950
Total Tax Levy 2023	\$ 11,550,566

Allowances for uncollectible tax receivables within the General Fund and the Debt Service Funds are based on historical experience in collecting property taxes. Uncollectible personal property taxes are periodically reviewed and written off, but the City is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature.

#### NOTE E. <u>INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS</u>

Interfund balances at September 30, 2024, consisted of the following individual fund receivables and payables:

	Receivable	Payable		
General Fund				
Payroll Fund	\$ -	\$ -		
Debt Service Fund				
<b>Economic Development Corporation</b>				
Capital Projects Fund (2020 CO Bond)				
Economic Development Corporation	-	1,137,538

#### NOTE I. <u>DEFFERED OUTFLOWS/INFLOWS OF RESOURCES</u>

In addition to assets, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future period (s) and so will not be recognized as an outflow of resources (expenses/expenditure) until then.

Deferred Revenue-Pension	\$	666,113	\$	195,126	\$	861,239		

#### NOTE I. DEFFERED OUTFLOWS/INFLOWS OF RESOURCES (CONTINUED)

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future period (s) and so will not be recognized as an inflow of resources (revenue) until that time.

	(	General	Busi	ness-Type	
<b>Deferred Inflows of Resources</b>	A	ctivities	A	ctivities	Total
Deferred Revenue-Pension	\$	258,085	\$	75,601	\$ 333,686

At the government fund level, revenues that have been billed but not yet collected or collected within the availability period are reported as unavailable revenues. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The City has one category that qualified as deferred inflows or resources. The following table describes the items and amounts:

	General	De	ebt Service		
<b>Deferred Inflows of Resources</b>	Fund	Fund		Total	
Deferred Revenue-Property Taxes	\$ 1,094,670	\$	402,801	\$	1,497,471

#### NOTE J. <u>PENSION PLAN</u>

(1). Texas Municipal Retirement System

#### a. Plan Description

The City of San Juan, Texas participates as of 860 plans in the non-traditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) that can be obtained at <a href="https://www.tmrs.org">www.tmrs.org</a>.

All eligible employees of the City are required to participate in TMRS.

#### b. Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefits provisions are adopted by the governing body of the City, within the options available in the state statues governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financial monetary credits with interest were used to purchase an annuity.

#### NOTE J. <u>PENSION PLAN (CONTINUED)</u>

Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest. Plan provisions for the City are as follows:

	2023	2022
Employee deposit rate	6%	6%
Matching ratio (city to employee)	2 to 1	2 to 1
Years required for vesting	5	5
Retirement Eligibility (Age/Service)	60/5, 0/20	60/5, 0/20
Updated Service Credit	0%	0%
Annuity Increase (to retirees)	0% to CPI	0% to CPI
Supplemental Death Benefits to Active		
Employees	Yes	Yes
Supplemental Death Benefit to Retirees	Yes	Yes

Employees covered by benefit terms:

At December 31, valuation and measurement date, the following employees were covered by the benefit terms:

	2023	2022
Inactive employees or beneficiaries currently receiving benefits	108	101
Inactive employees entitles to but not yet receiving benefits	196	191
Active Employees	249	235
Total Employees	553	527

#### c. Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employees gross earnings, and the City matching are either 100%, 150%, or 200%, both as adopted by the governing body of the City. Under the state law governing TMRS, the contribution rate for each City is determined annually by the consulting actuary, using the Entry Age Normal (EAN) actuarial cost method. The City's contribution rate is based on the liabilities created from the benefit plan options selected by the City and any changes in benefits or actual experience over time.

Employees of the City of San Juan, Texas were required to contribute 6% of their annual gross earnings during the fiscal year. The contribution rates for the City of San Juan, Texas were 4.57% and 4.48% in calendar year 2023 and 2022, respectively. The City's contributions to TMRS for fiscal year ending September 30, 2024, were \$627,069 and were equal to the required contributions.

#### d. Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2023, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

#### Valuation Date:

Notes

Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

#### NOTE J. PENSION PLAN (CONTINUED)

#### Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method Entry Age Normal

Amortization Method Level Percentage of Payroll, Closed

Remaining Amortization Period N/A

Asset Valuation Method 10 Years smoothed market: 12% soft corridor

Inflation 2.50%

Salary Increases 3.50% to 11.50% including inflation

Investment Rate of Return 6.75%

Retirement Age Experience-based table of rates that are specific to the City's

plan of benefits. Last updated for the 2019 valuation pursuant

to an experience study of the period 2014-2018

Mortality Post-retirement: 2019 Municipal Retirees of Texas Mortality

Tables. The rates are projected on a fully generational basis

with scale UMP.

Pre-retirement: PUB(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females. The rates are projected on a generational

basis with scale UMP

Other Information:

Notes There were no benefit changes during the year.

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender distinct RP2000 Combined Health Mortality Table, with male rates and female rates multiplied by 107.5%. The rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For disabled annuitants, the gender distinct RP2000 Disabled Retiree Mortality Table is used, with slight adjustments.

Actuarial assumptions used in the December 31, 2022, valuations were based on the results of actuarial investigation of the experience over the four-year period from December 31, 2014 through December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019, actuarial valuation. The post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs) are based on the Mortality Experience Investigation Study covering through 2027 and dated December 31, 2013. In conjunction with these changes first used in the December 31, 2013, valuation, the System adopted the Entry Age Normal (EAN) actuarial cost method and a one-time change to the amortization policy. Assumptions are reviewed annually.

The long-term expected rate of return on pension plan investment is 6.75%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TMRS Board of Trustees. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimated ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

#### NOTE J. PENSION PLAN (CONTINUED)

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equity	30.00%	5.30%
Core Fixed Income	10.00%	1.25%
Non-Core Fixed Income	20.00%	4.14%
Real Return	10.00%	3.85%
Real Estate	10.00%	4.00%
Absolute Return	10.00%	3.48%
Private Equity	10.00%	7.75%
Total	100.00%	

#### Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed the employee contributions will remain at the current 6.75% and employee contributions will be made at the rates specified in statute.

Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Covered Payroll	\$ 10,683,496
Changes for the year:	
Service Cost	\$ 1,112,152
Interest on Total Pension Liability	1,203,424
Changes in Current Period Benefits including Substantively Automatic Status	-

				(6.75%)		(7.75%)		
City's net pension liability	\$	2,521,970	\$	(325,893)	\$	(2,	635,353)	

#### **Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's Fiduciary Net Position is available in a separately issued TMRS financial report. That report may be obtained on the Internet at www.tmrs.org.

e. Pension Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

For the year ended September 30, 2024, the City recognized pension expense of \$627,069.

#### NOTE J. <u>PENSION PLAN (CONTINUED)</u>

At the end of fiscal year 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Recognition Period Amortization Years	Ου	Deferred atflows of esources	In	Deferred of the secources
Differences between expected and actual economic					
experience (Actual (gains) or losses)	3.67	\$	-	\$	160,292
Changes in actuarial assumptions	3.67				75,120
Total			-		235,412
Difference between projected and actual investment earnings on pension plan investments					
(Actual (gains) or losses)	5.00		473,874		-
Contributions paid subsequent to the Measurement					
Date			387,351		
Total			861,225		-
Total		\$	861,225	\$	235,412

\$861,225 reported as deferred outflows of resources related to pensions resulting from contributions subsequent the measurement data will be recognized as a reduction of the net pension liability for the measurement year ending September 30, 2024.

Other amounts reported as deferred outflows of resources related to pensions will be recognized in future pension expense as follows:

	Net	Net Deferred			
Year-Ended	Outflo	ws (Inflows)			
31-Dec	of F	Resources			
2024	\$	11,384

2027		(165,565)			
2028		-			
Thereafter		-			
Total	\$	238,476			

#### (2). Texas Municipal Retirement System

#### Other Post Employment Benefit (OPEB) Programs

#### a. Plan Description

Texas Municipal Retirement System ("TMRS") administers a defined benefit group-term life insurance plan known as the Supplemental Death Benefits Funds ("SDBF"). This is a voluntary program in which participating member cities may elect, by ordinance, to provide group-term life insurance coverage for their active members, including or not including retirees.

#### NOTE J. PENSION PLAN (CONTINUED)

The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earning, for the 12-month period preceding the month of death). The death benefit for retirees is considered another postemployment benefit ("OPEB") and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is an unfunded OPEB plan (i.e. no assets are accumulated). The City contributes to the SDBF at a contractual required rate as determined by an annual actuarial valuation. The rate is based on the mortality and service expense of all expenses covered by the SDBF and the demographics specific to the workforce of the City. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year. As such, contributions fund the covered active member and retiree deaths on a pay-as-you-go basis.

GASB 75 requires employers to recognize the total OPEB liability and the OPEB expense on their financial statements. The OPEB expense recognized each fiscal year is equal to the change in the total OPEB liability from the beginning of the year to the end of the year, adjusted for deferred recognition of certain changes in the liability.

In the year of implementation, the employer should make a prior period adjustment for the total OPEB liability as of the 12/31/2023 measurement date (provided) and record a deferred outflow of resources for contributions recorded by the city (retiree porting of SDB rate only) from December 31, 2023 to its prior fiscal year end. TMRS has elected to not calculate other deferrals as of the December 31, 2023 measurement date.

The total OPEB liability shown in this report is based on an actuarial valuation performed as of December 31, 2023 and a measurement date of December 31, 2023; as such, no roll-forward is required.

#### b. Supplemental Death Benefit (SDBF) Plan Contributions

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not pre-fund retiree term life insurance during employees' entire careers.

Plan/Calendar	Total SDB	Retiree Portion of SDB
Year	Contribution (Rate)	Contribution (Rate)
2023	0.33%	0.13%
2022	0.19%	0.09%
2021	0.20%	0.10%
2020	0.17%	0.04%
2019	0.17%	0.03%
2018	0.16%	0.03%

#### NOTE J. PENSION PLAN (CONTINUED)

#### c. OPEB Liability

The Other Post-Employment Benefits (OPEB) was measured as of December 31, 2023 and the Total Liability used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date. Actuarial Assumptions: The Total OPEB Liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation 2.50%

Salary Increases 3.50% to 11.50% including inflation

Discount Rate\* 4.05%

Retiree's Share of benefit-related

costs \$-0-

Administrative Expenses All administrative expenses are paid through the Pension Trust and

accounted for under reporting requirements under GASB Statement

No. 68

Mortality rates-service retirees 2019 Municipal Retirees of Texas Mortality Tables. The rates are

projected on a fully generational basis with scale UMP.Mortality rates-disabled retirees 2019 Municipal Retirees of Texas Mortality with a 4 year set forward for males and a 3 year set-forward for females. In addition, a 3.50% and 3% minimum mortality rates will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis with scale UMP to account

for future mortality improvements subject to the floor.

The following employees were covered by the benefit terms:

Membership*	2023	2022
Number of :		
Inactive employees currently receiving benefits	79	74
Inactive employees entitled to but not yet receiving benefits	32	32
Active employees	249	235
Total Membership	360	341

<sup>\*</sup>Membership counts for inactive employees currently receiving or entitled to but not yet receiving benefits will differ from GASB 68 as they include only those eligible for a SDBF benefit (i.e. excludes beneficiaries, non-vested termination due a refund, etc.).

Covered Payroll	\$ 10,683,496
Changes in the Total OPEB Liability:	
Total OPEB Liability - beginning of year	\$ 458,652
Changes for the year:	
Service Cost	28,845
Interest on Total OPEB Liability	18,878
Changes of Benefit Terms	-
Difference between expected and actual experience	6,930
Changes in Assumptions or Other Inputs	25,774
Benefit Payments**	 (13,889)
Net changes	66,538
Total OPEB Liability - end of year	\$ 525,190
Net OPEB Liability as a Percentage of Covered Payroll	4.92%

<sup>\*\*</sup>Due to the SDBF being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the employer's yearly contributions for retirees.

<sup>\*</sup>The Discount Rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2023. Note: The actuarial assumptions used in December 31, 2023 valuation were based on the results of an actuarial experience study for the period December 31, 2014 to December 31, 2018.

#### NOTE J. PENSION PLAN (CONTINUED)

Sensitivity of the net pension liability to changes in the discount rate:

		- / -	Decrease in scount Rate 2.77%	]	Discount Rate 3.77%		1% Increase in Discount Rate 4.77%
	City's OPEB Liability	\$	630,655	\$	525,190	\$	443,444
d.	OPEB Expense						
	OPEB Expense						
	Service Cost				\$		28,845

	Changes in assumption	s or other	inputs				25,774
	Benefit payments					(	(13,889)
	Net changes						66,538
	Total OPEB Expense				\$		66,538

<sup>\*\*</sup>Due to the SDBF being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the employer's yearly contributions for retirees.

Generally, this will only be the annual change in the Municipal Bond Index Rate.

e. OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

At the end of fiscal year 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB pensions from the following sources:

	Recognition Period Amortization Years	Outf	ferred lows of ources	In	eferred flows of esources
Differences between expected and actual economic experience (Actual (gains) or losses)	6.05	\$		\$	16,253
		Ф	-	φ	,
Changes in actuarial assumptions	6.05		-		82,021
Total			-		98,274
Difference between projected and actual investment earnings on pension plan investments					
(Actual (gains) or losses)			-		-
Contributions paid subsequent to the Measurement					
Date			-		-
Total			-		-
Total		\$	-	\$	98,274

#### NOTE J. PENSION PLAN (CONTINUED)

The net amounts of the City's balances of deferred outflows of resources and deferred inflows related to pensions will be recognized in OPEB expense as follows:

	Net	Deferred
Year-Ended	Outflo	ws (Inflows)
31-Dec	of F	Resources
2024	\$	(16,618)
2025		(14,018)
2026		(33,191)
2027		(36,237)
2028		1,790
Thereafter		-
Total	\$	(98,274)

<sup>\*</sup>The recognition period for liability (gains) or losses may differ from GASB 68 reporting due to differences in the covered inactive populations.

#### NOTE K. RISK MANAGEMENT

The City is exposed to various uncertainties for losses related to intentional and unintentional torts; theft of, damage to and destruction of real and personal property; errors-and-omissions; catastrophes, medical and dental claims by employees; employee illnesses and injuries and pollution claims for which the City carries commercial insurance coverage. There have been no significant reductions in insurance coverage from the previous year. No negotiated settlements or jury awards have exceeded policy limits in any of the past three years. The City is a member of an intergovernmental risk pool.

The risk pool is an inter-local non-assessable agency with present unreserved resources in excess of \$225,700,000 (as of September 30, 2005, the most recently audited financial statements completed for the risk pool). Reinsurance is provided by several A and A++ rated companies in amounts ranging from \$3,000,000 to \$90,000,000 depending on type of insurance coverage.

City management is not aware of any pending or alleged claims that could exceed the policy limits of the present insurance coverage.

#### NOTE L. CONTINGENT LIABILITIES

The City is currently involved in litigation claims against it that are generally incidental to its operations. However, it is the opinion of the City's management that the City's liability in those cases that are not covered by liability insurance will not be material to the financial statements. Accordingly, no provision has been made in the financial statements for these contingent liabilities. The City received a substantial portion of its financial resources in the form of state and federal grants. Expenditure of such funds generally requires compliance with terms and conditions specified in the grant agreement. These funds are also subject by the grantor agency. Any disallowed costs resulting from such audit could become the responsibility of the City and repayment could be requested from nonfederal resources.

#### NOTE M. 380 ECONOMIC DEVELOPMENT PROGRAM AGREEMENT

The City of San Juan, Texas is committed to the promotion of high-quality development in all parts of the City and to an ongoing improvement in the quality of life for its citizens. The City of San Juan, Texas has previously developed economic development programs and incentives designed to encourage high quality business, commercial, professional sports, and manufacturing concerns to locate, remain, and expand in the City of San Juan, Texas. Now the City of Juan, Texas seeks to enhance its economic development efforts to attract and retain high quality development and jobs by establishing Chapter 380 Economic Development Program Agreements. These 380 Economic Development Program Agreements are established in an effort to develop and expand the local economy by promoting and encouraging development and redevelopment projects that enhance the City's economic base and diversify and expand job opportunities or by promoting and encouraging projects that create additional revenue for the City without substantially increasing the demand on City services or infrastructure. The ultimate goal and public purpose of programs established is to protect and enhance the City's fiscal ability to provide high quality municipal services for the safety, comfort and enjoyment of the City of San Juan, Texas residents.

#### SALES TAX REBATE AGREEMENTS – CHAPTER 378 AGREEMENTS

In addition to the 380 Agreement, the City also offered sales rebates as additional incentives to the developer and retail establishments, locating within the development project. These rebates are not recorded as a liability or commitment, as the individual amounts are not known until the sales taxes are collected. In the current fiscal year, the City expended \$67,450 and the San Juan Economic Development Corporation expended \$100,000 in agreement payments.

To obtain information on the Economic Development Agreement Contract, contact Office of the City Secretary, 512 S. Nebraska, City of San Juan, Texas 78589.

#### NOTE N. <u>COVID-19 DISCLOSURE</u>

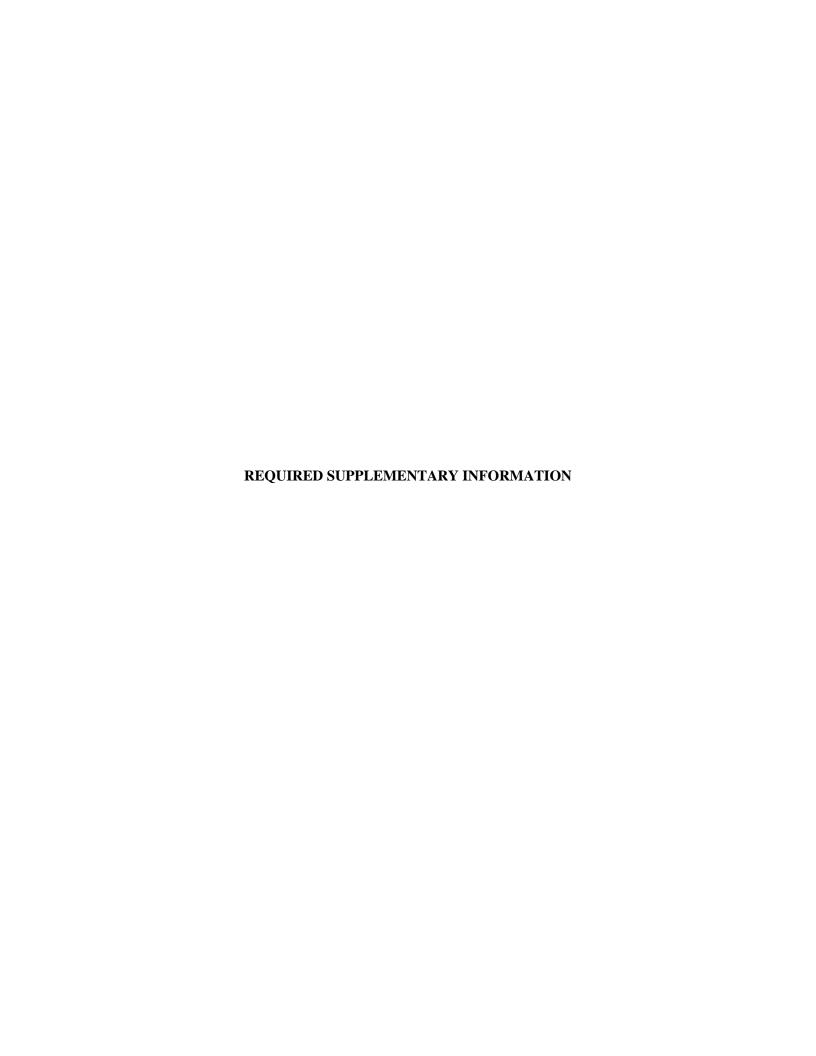

The COVID-19 pandemic, whose effects first became known in January 2020, is having a broad and negative impact on commerce and financial markets around the world. The United States and global markets experienced significant declines in value resulting from uncertainty caused by the pandemic. The City of San Juan, Texas is closely monitoring its investment portfolio and its liquidity and is actively working to minimize the impact of these declines. The extent of the impact of COVID-19 on the City's operational and financial performance will depend on certain developments, including the duration and spread of the outbreak and its impact on the City's customers, employees, and vendors, all of which at present, cannot be determined. Accordingly, the extent to which the COVID-19 may impact the City's financial position and changes in net assets and cash flows is uncertain and the accompanying consolidated financial statements include no adjustments relating to the effects of this pandemic.

#### NOTE O. <u>SUBSEQUENT EVENTS</u>

Subsequent events were evaluated through March 21, 2025, which is the date the financial statements were available to be issued.

#### CITY OF SAN JUAN, TEXAS NOTES TO SUPPLEMENTARY INFORMATION SEPTEMBER 30, 2024

#### Stewardship, Compliance, and Accountability

**Budgets and Budgetary Accounting** 

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds except for certain major and non-major special revenue funds, which adopt project-length budgets. Formal budgetary integration is employed as a management control device during the year for the General and Special Revenue Funds, as well as for the Utility Funds.

Unused appropriations for the annual budgeted funds lapse at the end of the year. The budget amounts shown in the financial statements are the final authorized amounts as revised during the year.

On or before the end of June of each year, all agencies of the City submit requests for appropriation to the City Manager so that a budget may be prepared. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested appropriations by fund function, and activity for the next fiscal year.

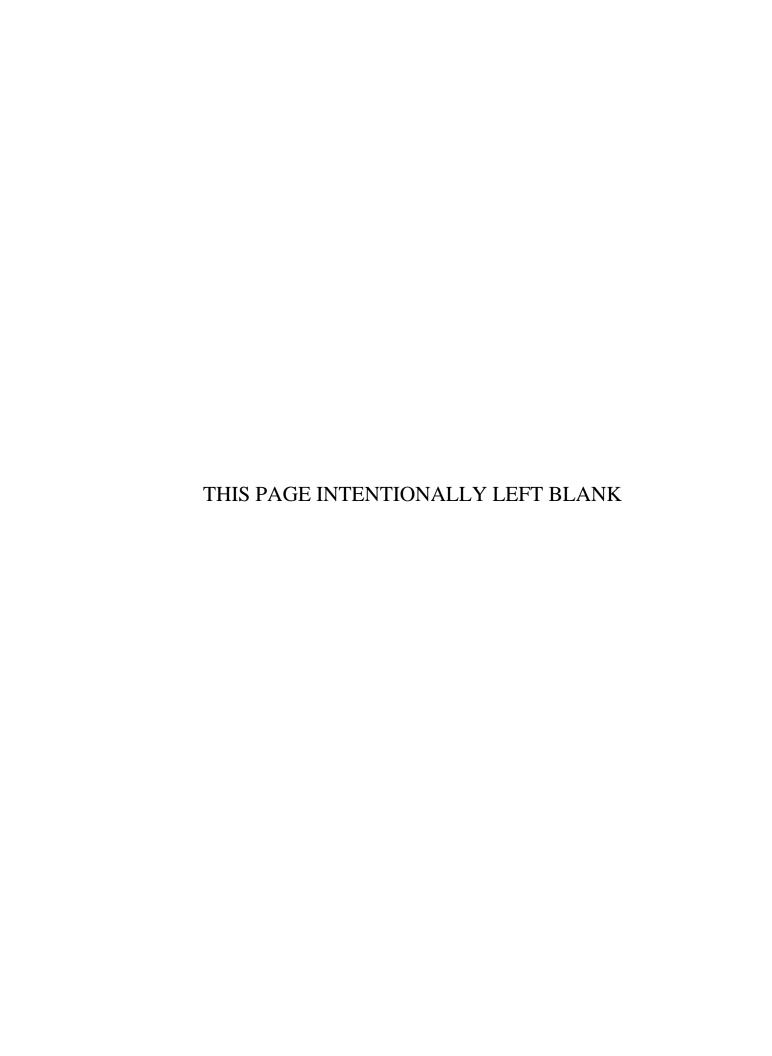

Before October 1, the proposed budget is presented to the City Commission for review. The City Commissioners hold a public hearing and may add to, subtract from or change appropriations by fund, function and activity, but may not change the form of the budget. Any changes in the budget must be within the revenues and reserves estimated as available by the City Manager or the revenue estimates must be changed by an affirmative vote of a majority of the City Commissioners.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the overall fund total of appropriated expenditures of any fund must be approved by the Board of Commissioners.

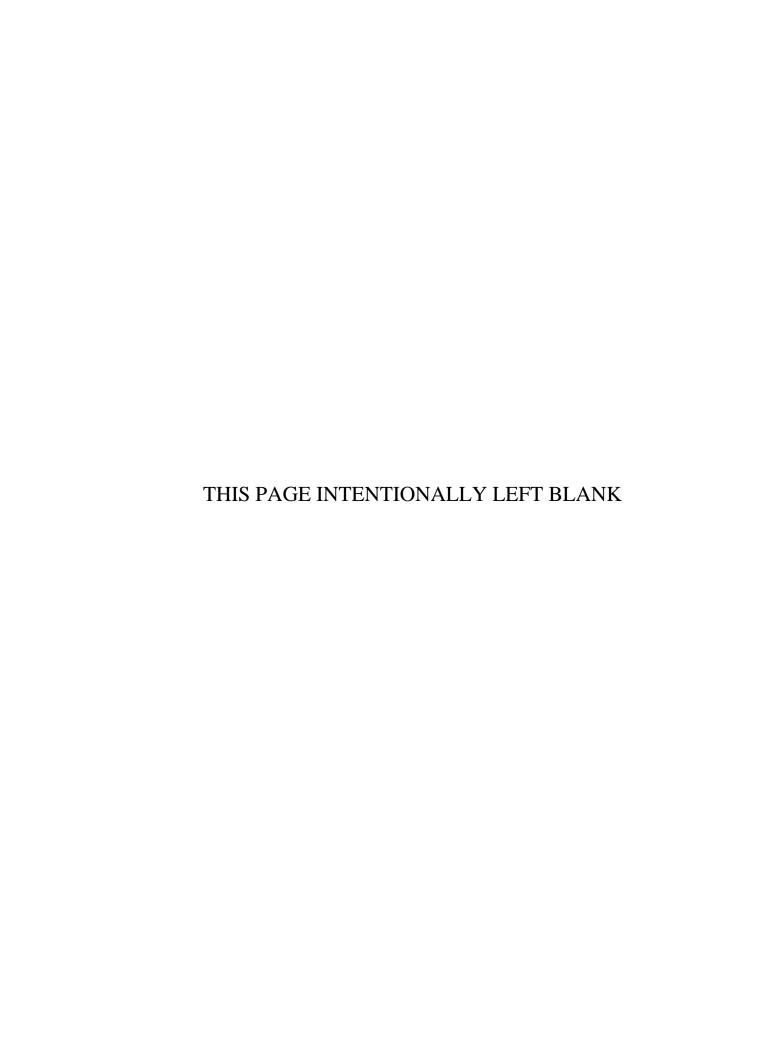

**Expenditures Over Appropriations** 

For the fiscal year September 30, 2024, expenditures in the General Fund exceeded budgeted appropriations in the following functions:

Culture & Recreation \$ (21,039) Capital Outlay (1,263,563) Debt Service - Principal (178,999)

South Texas College	09/30/2024	103,234,693	3.08%	3,179,629
Total Direct and Overlapping Debt				\$ 117,085,137

Source: Municipal Advisory Council of Texas

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of the outstanding debt of the overlapping governments that is borne by the residents and businesses of the City of San Juan, Texas. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and business should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore, responsible for repaying the debt of each overlapping government.

## CITY OF SAN JUAN, TEXAS NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS SEPTEMBER 30, 2024

### 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the City of San Juan, Texas under the programs of the federal government for the fiscal year ended September 30, 2024. The information in this schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Costs Principles, and Audit Requirements of Federal Awards.* Because the schedule represents only a selected portion of the operations of the City of San Juan, Texas it is not intended to and does not present the financial position, changes in net position, or cash flows of the City of San Juan, Texas.

### 2. Summary of Significant Accounting Policies

Expenditures reports on the schedules are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles, contained in the *Uniform Guidance* and/or *OMB Circular A-87*, wherein certain types of of expenditures are not allowable or are limited as to reimbursement.

### 3. Indirect Cost Rate

City of San Juan, Texas has elected to not use the 10% de minimis indirect cost rate allowed under the Uniform Guidance.

## INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Commission City of San Juan, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the City of San Juan, Texas which comprise the statement of financial position as of September 30, 2024, and the related statements of activities for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated March 21, 2025.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of San Juan, Texas' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of San Juan, Texas' internal control. Accordingly, we do not express an opinion of the effectiveness of the City of San Juan, Texas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Honorable Mayor and Members of the City Commission San Juan, Texas

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether of the City of San Juan, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreement noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of the testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and Members of the City Commission San Juan, Texas

### Report on Compliance for Each Major Federal Program

### Opinion on Each Major Federal Program

We have audited the City of San Juan, Texas' compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the City of San Juan, Texas' major federal program for the year ended September 30, 2024. of the City of San Juan, Texas' major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the City of San Juan, Texas complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year then ended September 30, 2024.

### Basis for Opinion on Each Major Federal Program

We conducted our audit on compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of San Juan, Texas and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the City of San Juan, Texas' compliance with the compliance requirements referred to above.

Honorable Mayor and Members of the City Commission Page 2

### Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statues, regulations, rules, and provisions of contracts or grant agreements applicable to the City of San Juan, Texas' federal programs.

### Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the City of San Juan, Texas' compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the City of San Juan, Texas' compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
  and perform audit procedures responsive to those risks. Such procedures include examining, on a
  test basis, evidence regarding to the City of San Juan, Texas' compliance with the compliance
  requirements referred to above and performing such other procedures as we considered necessary
  in the circumstances.
- Obtain an understanding of the City of San Juan, Texas' internal control over compliance relevant
  to the audit in order to design audit procedures that are appropriate in the circumstances and to
  test and report on internal control over compliance in accordance with the Uniform Guidance, but
  not for the purpose of expressing an opinion on the effectiveness of the City of San Juan, Texas'
  internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Honorable Mayor and Members of the Commission Page 3

### Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

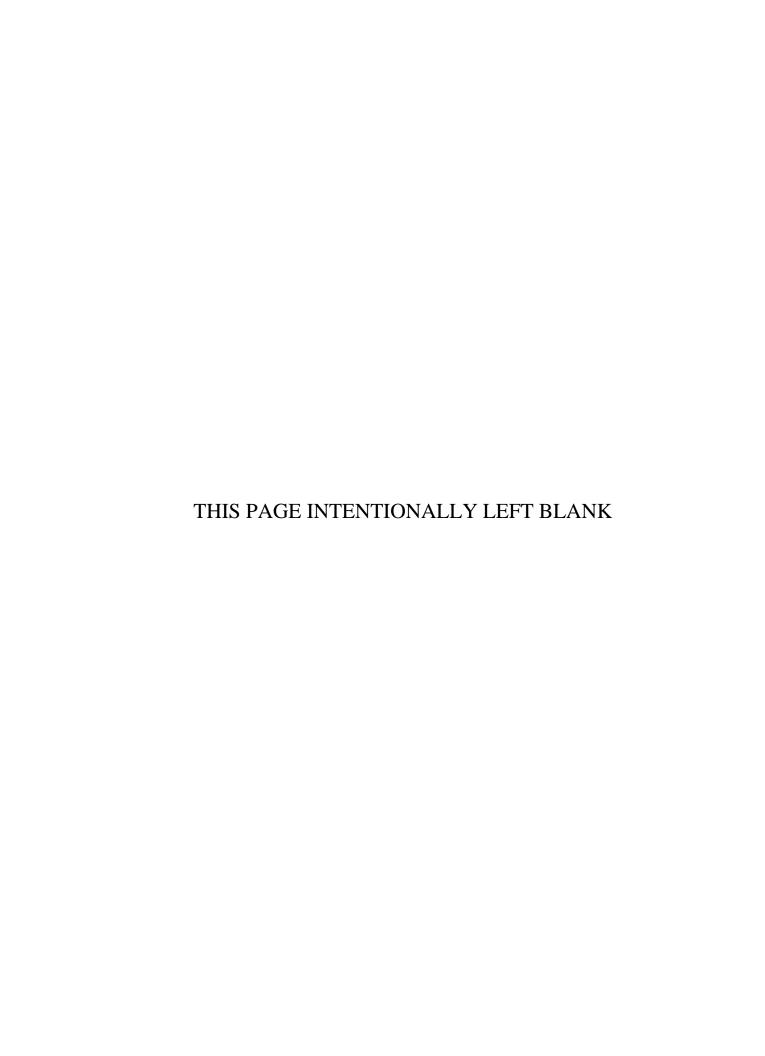

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
